

Leave Wisconsin's no-call list alone!! I don't want a bank that I left to have the ability to call me every day for the next 18 months trying to get my business back. If I left, I'm not coming back. They can send mail or e-mail which is much less intrusive than a phone call. I love the no-call laws in Wisconsin and the peace it has brought to this household. Don't mess with a good thing!!
